OPERATIONS

Operational Review of the Quarter

Infront's revenues increased by 5.3% to EUR 33.7 million in Q2 2024 (Q2 2023: EUR 32.0 million), while adjusted EBITDA was EUR 9.2 million (Q2 2023: EUR 8.0 million). Recurring revenue was 97.5% of total revenue. This includes both subscription-based and volume-based revenues.

Starting with Q2 2024 results, Infront categorizes its products into five groups: "Trading Solutions", "Display & Analytics", "APIs, Data Feed & Regulatory", "Portfolio & Advisory" and "Publication, Distribution & Other". For a detailed description of the updated product breakdown, please refer to Note 2.

Revenue in Q2 was positively impacted by a general increase in activity in the financial markets, which has driven an increase in volume-based services. In addition, we have expanded data services for wealth management and brokerage, enhanced our Display solutions, prepared for the upcoming launch of Infront Analytics, refined and expanded Assetmax, grown our WealthPortal offerings, improved trading solutions and connectivity, and updated our Quant and data feeds solutions.

Trading Solutions

Q2 2024 was marked by several important wins and product enhancements such as OMS upgrade, web based RSP trading for new retail segments, improved RSP admin and statistics dashboard.

Display & Analytics

Our Display & Analytics solutions have been significantly upgraded in 2024. Key updates in Q2 2024 include several data integrations, high-resolution screen support, macroeconomic indicator analysis, and updated charts.

APIs, Data Feed & Regulatory

In H1 2024, we onboarded customers across the Nordics and Germany, enhancing performance and scalability. We consistently update our valuation products and services, improving other Infront products. Notable updates for 2024 include comprehensive valuation for the Italian fixed income market, precise valuation methodologies for index calculations, extended margin calculation service, new risk calculation engine, analytics calculation engine, Greek calculation for options contracts, enhanced swap and bond calculator, and updates for RegFeed, Template Manager, and DocHub.

Portfolio & Advisory

New Assetmax features include enhanced cash-flow projection, limit order trading, alternative investments, and refined investment proposals. In H1 2024, we integrated our full data catalog for Swiss-based Assetmax customers, enhancing workflows. We are also expanding Assetmax into key European markets with tailored improvements, including MiFID target market integration and relevant custodian bank integrations.

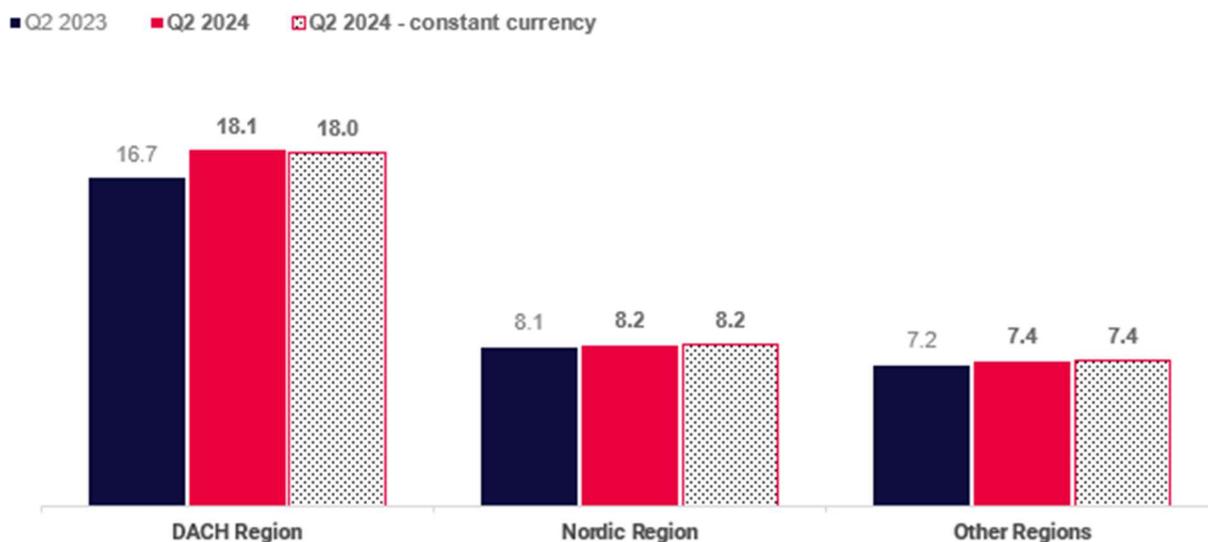

Launched in early 2024, the Infront WealthPortal offers investors seamless access to essential investment information. We are continuously enhancing the portal with new features such as new portfolio widgets, widget layouts, and document sharing capabilities.

Regional overview

DACH continues to be the most important region for Infront in terms of revenue. The consolidated revenue distribution per region of markets and Infront’s subsidiaries was as follows in Q2 2024:

(EUR million)

DACH Region – includes markets and/or subsidiaries in Germany (D), Austria (A) and Switzerland (CH).

Nordic Region – includes markets and/or subsidiaries in Norway, Sweden, Denmark and Finland.

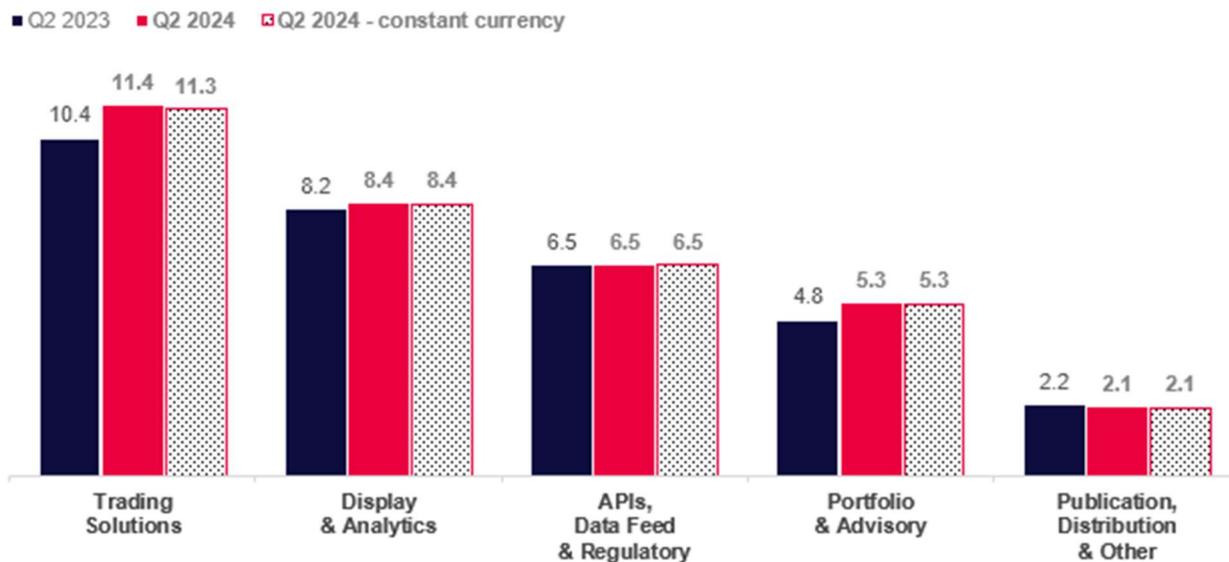

Other Regions – includes markets and/or subsidiaries in Great Britain, the Netherlands, Belgium, Luxembourg, France, Italy, and South Africa.

Revenue per product group

Infront categorizes its products into five groups: “Trading Solutions”, “Display & Analytics”, “APIs, Data Feed & Regulatory”, “Portfolio & Advisory” and “Publication, Distribution & Other”.

(EUR million)

Outlook

Infront will maintain its focus on strengthening the company's position as a leading European provider of WealthTech services by continuing to invest in product development and optimizing existing operations.

Financial Summary

Group Profit and Loss

Infront's operating revenue increased by 5.3% to EUR 33.7 million in Q2 2024 (Q2 2023: EUR 32.0 million).

Infront generates most of its revenue from recurring subscription contracts, as well as volume-based revenue deriving from long-term customer contracts.

Q2 2024 reported EBITDA amounted to EUR 8.8 million (Q2 2023: EUR 2.3 million). Reported EBITDA includes one-off costs. For a breakdown of the difference between reported- and adjusted EBITDA, please refer to the "Alternative Performance Measures" section. Adjusted for these one-off costs, the adjusted EBITDA was at EUR 9.2 million compared to adjusted EBITDA of EUR 8.0 million in Q2 2023, bringing the adjusted EBITDA margin up from 25.0% to 27.5%.

Cost of services rendered for Q2 2024 was EUR 10.3 million (Q2 2023: EUR 9.2 million).

Employee-related expenses amounted to EUR 9.8 million (Q2 2023: EUR 15.7 million, reflecting the results of significant restructuring efforts initiated in Q2 2023).

Other operating expenses totaled EUR 4.8 million in Q2 2024 (Q2 2023: EUR 4.8 million). Adjusted for EUR 1.2 million one-off costs related to projects continuing in 2024, other operating expenses amounted to EUR 3.6 million.

Net financial items were positive by EUR 0.3 million in Q2 2024 (Q2 2023: net financial items of negative EUR 4.7 million) and reflect the minor fluctuation in the currency valuation of the bond and the revolving credit facility (RCF) in the current quarter. The changes in the interest rate swap concluded at the end of 2022 also had a positive effect on the net financial items.

Income tax expenses for the period amounted to EUR 1.9 million (Q2 2023: income tax expenses EUR 0.7 million).

Net profit for the period was EUR 3.7 million, a substantial improvement versus the net loss of EUR 6.6 million in Q2 2023.

Group Financial Position

Total assets were EUR 253.2 million at the end of Q2 2024 (31.12.2023: EUR 251.0 million).

The combined book value of intangible assets and equipment and fixtures amounted to EUR 206.7 million compared to EUR 210.3 million at the end of December 2023. Right-of-use assets at the end of Q2 2024 amounted to EUR 5.1 million (31.12.2023: EUR 6.1 million).

Trade receivables and other current assets were EUR 21.7 million at the end of Q2 2024, compared to EUR 19.3 million at the end of December 2023 reflecting the seasonality of the business with upfront billing early in the year for a large portion of the products and services. This also has a positive impact on the cash position, which at the end of Q2 2024 was EUR 11.9 million (EUR 8.2 million at the end of Q2 2023).

Total non-current liabilities were EUR 153.9 million (31.12.2023: EUR 156.5 million).

Current liabilities at the end of Q2 2024 were EUR 59.7 million, compared to EUR 55.2 million at the end of 2023, mainly related to an increase in deferred revenues due to advance payments.

Group Cash Flow

Net cash flow from operating activities was positive at EUR 1.8 million in Q2 2024 (Q2 2023: negative EUR 1.8 million). The positive cash flow is related to positive profit at the end of the quarter.

Net cash flow from investing activities was negative at EUR 3.0 million (Q2 2023: negative EUR 2.5 million). Investments were mainly related to software development (EUR 1.7 million) and a second payment of the deferred cash consideration in connection to the acquisition of Assetmax in 2022.

Net cash flow from financing activities was negative at EUR 0.8 million (Q2 2023: negative EUR 1.2 million). The financing cash flow reflects the repayments of lease liabilities.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Note 1 – Corporate information, basis of preparation and changes to accounting policies

The condensed consolidated interim financial statements comprise the parent company Infront AS and its subsidiaries (the “Group”). The interim consolidated financial statements for the second quarter 2024 ending June 30, 2024, were prepared in accordance with IAS 34 Interim Financial Reporting. The interim consolidated financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Group’s annual report for 2023.

These consolidated interim financial statements have been approved for issuance by the Board of Directors on August 21, 2024. The interim financial statements are unaudited.

The accounting policies adopted in the interim financial statements are consistent with the standards and interpretations followed in the preparation of the Group’s annual financial statements for the year ended December 31, 2023.

The standards and interpretations effective from January 1, 2024 do not have a significant impact on the Group’s consolidated interim financial statements.

Note 2 – Segment Information

From the date of acquisition by DASH BidCo in 2021, Infront Group is considered by the board of Infront AS as one reporting segment. The operating results for the entire group are monitored and regularly reviewed to make meaningful resource allocation decisions. Financial information is presented on a consolidated basis.

As supplementary information to the consolidated financial information package, the revenue allocation by product group and by region is provided to management monthly.

Disaggregation of Revenues

Infront’s total revenue is disaggregated into major revenue streams by geographical areas and by product segments shown in the tables below.

The Group's revenues are subscription-based revenues which are recognized on a monthly recurring basis, as well as solution subscription revenue which is recognized at the initial setup of the service and thereafter as recurring subscription revenue.

Contract assets and liabilities vary to an extent throughout the reporting period. Most customers are invoiced in advance on a monthly, quarterly, or annual basis for the subscriptions. Other services are typically invoiced monthly in arrears of the service being rendered. Contract liabilities (deferred income) are therefore related to the advance fees received on a monthly, quarterly, or annual basis from customers. Customers have payment terms varying from 14-45 days.

Infront categorizes its products into five groups: “Trading Solutions”, “Display & Analytics”, “APIs, Data Feed & Regulatory”, “Portfolio and Advisory” and “Publication, Distribution & Other”.

All deliveries to customers are over time deliveries.

Trading Solutions

Infront’s Trading Solutions include products that provide end users with global data (historical and real-time), such as market data feeds for stocks, funds, bonds, commodities, interest rates, news and more, combined with the ability to trade. Users can access their entire workflow in one solution, enabling them to make better investment decisions in a shorter period of time. Trading Solutions as described above are predominantly offered to customers in the Nordics and in the United Kingdom.

Trading Solutions also includes a German subsidiary that is 60% controlled by Infront; Transaction Solutions AG. This company operates securities trading centres in varied forms: whether on or off the exchange, limit trading, and request for quote or matching systems.

Display & Analytics

Products within the Display & Analytics category include the cloud based “Investment Manager”, the “Market Manager” and other solutions that are predominantly offered in the DACH region, as well as Italy.

The product group also includes a fully owned subsidiary: Lenz+Partner, which offers more than 4,000 private clients an analysis tool for the financial markets with competitive chart analytics, fundamental analytics, and portfolio management.

Display & Analytics products have many of the same features as Trading Solutions, except for trading-enablement functionalities.

APIs, Data Feed & Regulatory

Infront's APIs and data feeds provide clients with access to more than 120 stock exchanges, more than 500 contributory data sources and more than 18 million instruments – all through our data management solutions. Our clients can get access to data from end-of-day to real-time delivery, receive up-to-the minute price data and business news and can integrate cost efficient modular content packages.

Infront also offers a full-service platform for creating and distributing regulatory documents and data. We provide audit-proofed fulfilment of internal compliance and market regulation requirements through creation of documents and reports. Our solution is based on product and industry expertise, as well as interaction with authorities and relevant agencies. Intuitive front-end solution provides effortless process handling, flexible user interfaces and step-by-step guidance to ensure user friendliness.

Portfolio & Advisory

Infront Portfolio and Advisory solutions support our customers in all stages of the asset management workflow - from customer on-boarding to reporting of portfolio performance - on a fully digital and optimizable basis. Infront provides process and advisory support, as well as risk evaluation services in development and management of portfolios. The entire process is developed for full regulatory compliance with step-by-step guidance available for users. The offering provides a wide range of relevant user interfaces to optimize the service, with the ability for individual customization to ensure perfect fit.

Publication, Distribution & Other

Infront, through its Listing and Publishing services, also supports media companies and asset managers who publish fund and market performance information with our pre-formatted financial product performance and documentations. We also provide a module-based web manager so our clients can create custom fund and market performance portraits that they can use for print or online publication purposes.

Through its market consolidation strategy, Infront has also acquired some smaller complementary products to its core solutions.
